NOTE

This brochure was originally produced through a research contract from the California Department of Real Estate. The information in the brochure is a brief overview of the basic steps and factors involved in a trust deed investment. Since this brochure may not contain current law changes, it should only be used as a general source of information. You may wish to research the subject further before proceeding with a trust deed investment and, should the situation warrant, discuss the matter with an attorney or other qualified professional.

Some of the views and opinions contained in these materials are those of the authors and do not necessarily represent the views or opinions of the Administration, the State of California, or its Department of Real Estate.
